## Dennis Sissel

Each year the Printing Industries of the Midlands awards a member with the "Distinguished Printer of the Year Award." This award is given to a member of the organization who goes above and beyond for the organization and the industry.

This year, at the Annual Gallery Awards night (January 23, 2010), Dennis Sissel received this award! A group of past

recipients of this award vote for the person they think is most deserving of the recognition.

A big "Thank You" from everyone at Acme Printing for all your hard work and dedication to the Printing Industries of the Midlands! We really appreciate your years of service to Acme Printing.
